Our product presentation in the online shop can - depending on the offer - include both rare coins (so-called precious metal products) with variable prices and accessories with fixed prices (so-called gift items). The price of the precious metal products depends on fluctuations on the financial market over which we have no influence and which can occur within the otherwise existing cancellation period. Therefore, according to the legal regulation (§ 312g Abs. 2 Nr. 8 BGB) there is no right of withdrawal for consumers for precious metal products, even when sold online. The order of a precious metal product becomes binding as soon as we receive it and you cannot revoke it. There is also no right of withdrawal for personalized gifts (e.g. with a name engraved). When purchasing other products from our range, however, the consumer has a statutory right of withdrawal of 14 days. For details about the product, please refer to the respective product description. The legal details of the statutory right of withdrawal and its exceptions as well as its exercise and processing can be found in clause 6 of our General terms and conditions of sale .
